

AQUALITY SOLUTIONS, INC.

The Clear Choice for Quality Water

PUT YOUR WATER SYSTEM ON A LOW-SALT DIET.

Introducing Aquality's Proven and Effective "No Salt/Salt Savings" Solution for the Removal of Iron (rust), H₂S (rotten egg smell) and Hardness from Your Water Supply

NO SALT SOLUTION

An **Iron Curtain™** system effectively removes iron and other unwanted elements from your water supply.

REDUCED SALT SOLUTION

The **ProMate 6™** system is a proven and effective method to reduce salt consumption - **saving up to 20% annually** on the purchase of salt.

Water softened with these two systems not only saves you money but is better for the environment by...

- water heaters use up to 30% less energy
- use less detergents which is better for the environment
- appliances last twice as long reducing landfill waste
- decreases salt consumption
- saves on your overall energy bill

NOW, for a limited time. SAVE \$100 when you install or upgrade your water softener with either of these systems. Call Aquality Solutions today to schedule a FREE consultation.
